SKILLS

WordPress

You can consider me as a **MID to PRO level WordPress developer**. I know the WordPress best practice. I have developed some wordpress plugins which are uploaded in wordpress.org. You can visit my wordpress profile(Link added in next page) to know more. I have experience in **CarbonField, Elementor, Gutenberg, REST API** etc. I use understarp as my theme boiler-plate.

Front-end

I have experience doing pixel perfect front-end conversion. I usually use bootstrap for creating css base. I also have experience in AMP. I usually use: **Scss, Gulp, Bootstrap, jQuery** for front-end development.

Communication & Task management

For communication I use **Slack, Google Meet, Skype, WhatsApp**. I have also experience in ClickUP, Trello etc. I also have 2 years of remote **working experience**.

Javascript

You can consider me a basic to mid level javascript programmer, I use javascript for managing dom elements and other front-end stuff. I also have basic experience in **NODEJS, REACT, GULP, ES7** etc.

AWARDS

4 Times Employee of the month awards
